

Oh No!

It can't be time to start Christmas shopping already. We haven't celebrated Thanksgiving yet.

Are you like me? Do you have people on your Christmas list that are hard to buy for? Maybe you just don't know what they like, or they have everything you could afford to give them. This year why not give them a lasting gift - one that keeps on giving. How better to honor a loved one or a friend this year than by giving a gift in their name to help deliver hope to a child, a third world pastor, or a dedicated Christian worker.

~Lovie Phillips

In Honor of a Loved One or a Friend Give the Gift of...

Sponsorship.

Your gift will go towards sponsoring a child, teenager, or teacher that desperately needs help.

Wellness.

Clean water, food, and medical supplies are a necessity at each school. Your gift will keep the children healthy.

Technology.

Our goal is to provide our children with the equipment and tools they need to succeed.

Divinity.

It is our calling to spread the Word of God. Your gift will go towards distributing Bibles and building churches.

How It Works

We have created a list of different needs towards which you may give as much as you'd like. What is special about this donation, however, is that each financial seed you sow shall be done in the name of your loved one or friend. Simply select a

project to donate towards, and we will send your friend a lovely thank-you card on your behalf. This card will inform them of your gift in their honor. We will tell them about the project or child you have blessed in their name. The card will have a photo created by our professional photographer representing the gift (child, teacher, or project). If you prefer, we will send the card to you so you can personalize it and send it yourself.

This is a unique way to give a meaningful gift to a friend as well as bless someone in a third world country.

Sponsorship.

Sponsor a Child for a Friend

Durga

Age: Unknown

Durga's mother died while delivering her. When Durga was a little older, her father was working in the fields one day when he was badly affected by spraying pesticide. He went unconscious and later passed away while undergoing treatment. Durga is now an orphan like so many of the children at our schools.

Divinity.

By choosing Divinity, you will be helping build churches in Rwanda and Uganda, Africa, as well as supplying Bibles to the children.

God Loves Kids is dedicated to sharing the Gospel to each child that joins our program. After going to the schools, many children receive Jesus Christ as their Savior and then bring the Truth home to their families. By giving them a church and God's Word, it equips our teachers and children with the tools they need to take the Gospel to the world.

Wellness.

By choosing Wellness, your gift will be dedicated to supplying clean water, food and medical supplies for the schools.

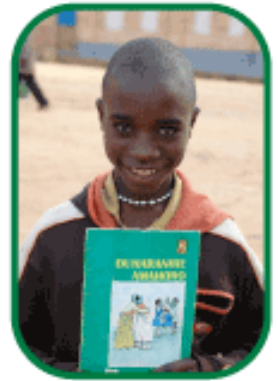

Technology.

By choosing Technology, you will provide school supplies such as books, computers and science labs. We strongly believe that

Due to the increase cost of medicine and the devalued dollar, our supply of medicine at our children's home has been limited. We must keep medicine on hand.

This year we lost a teacher to malaria. He grew up at UGRC (our first home in Uganda) and was teaching at New Eden. This was a terrible loss to our school children and his family. Also, a couple of months ago, our hearts were saddened when Pasonio (our principal at UGRC - who also grew up there) lost his baby to malaria. We must keep a supply of medicine and clean water. We cannot let a lack of a few dollars cause such grief and loss.

education is the key to unlocking poverty. We want to provide the children with the tools they need to succeed and break out of their poverty-stricken lives.
